List of Sites by State 97

INTRODUCTION

The 1986 edition of the **330-Funded Community Health Centers Directory** is a national listing of community health centers as of April 1986. The Community Health Center grant program is authorized under Section 330 of the Public Health Service Act, as amended, and is administered by the Bureau of Health Care Delivery and Assistance (BHCDA). Funded community health centers provide comprehensive health services to urban and rural areas where there are shortages of medical personnel and services. Centers stress coordinated, comprehensive, personal care to meet the individual needs of patients. Patients pay for the services received according to a fee schedule based on ability to pay. A summary of the contents follows:

STATE OR TERRITORY AND REGION: Alphabetical listing of states showing DHHS Region and page number.

COMMUNITY HEALTH CENTERS LISTING: This is the major body of the Directory, and is based on information provided by the ten DHHS Regional Offices and the individual community health centers:

1. REGION: States are arranged in alphabetical order within each region.
2. STATE: Under each State, the city of each center grantee is listed in bold type in alphabetical order.
3. GRANTEE: The following is listed (where applicable):
   -Grantee name in bold type
   -Local name in parenthesis, if different from grantee name
   -Street and mailing address
   -City, State and zip code in bold type
   -Telephone number
   -BCRR number
   -Name of chief administrative person and title.
4. CLINIC SITE(S): Clinic sites are listed alphabetically by city under each center grantee. If a clinic site is not supported by 330 funds, the funding source is indicated. Clinic sites not supported by Federal funds may or may not offer services to patients on a sliding fee schedule.

STATE PRIMARY CARE ASSOCIATIONS: Alphabetically by State, indicates name, mailing address and chief administrative person.

REGIONAL PRIMARY CARE ASSOCIATIONS: By Region, provides name, mailing address and chief administrative person.

DHHS REGIONAL OFFICES: By Region, lists addresses and phone numbers of Directors of Health Services Delivery.

INDEX: Alphabetically by State, lists all cities with community health center primary care sites (grantees and clinic sites).

We hope that you will find the Directory useful. Please direct any comments, additions, or deletions for next year's update to: **Betty King, Project Director, National Clearinghouse for Primary Care Information, 8201 Greensboro Drive, Suite 600, McLean, VA 22102, (703) 821-8955.**
